DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 10-22, 27-29, 32, 34-42, 44-48 and 51-54 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by either Ito et al. or Lee et al.

Election/Restrictions

3. Claims 2-9, 23-26, 30, 31, 33, 43, 49 and 50 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected species, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on January 18, 2005.

4. Applicant's election with traverse of the election requirement in the reply filed on January 18, 2005 is acknowledged. The traversal is on the ground(s) that no serious burden would result if all of the embodiments of this application were examined concurrently. This is not found persuasive because the embodiments are considered to be mutually exclusive and patentably distinct.

The requirement is still deemed proper and is therefore made FINAL.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
